Hey there - I sent you a meeting for 9:00. Just wanted to make sure you see it and can make that, are we can set a time today or tomorrow that we can go over it. I'd like to wrap up the whole Peter Donahue thing. He sent a 17 page response by the way.

About to be a pain, but do we have a policy about warning campuses about COVID outbreaks? I'm thinking about it and I bet some of the people put with really bad colds we have on campus might be COVID. I'm not that worried about it going into the weekend, as far as considering whether people are unsafe, but the current situation just brought it to the top of my mind

Okay, I have two two-legged school texts to let you know about. The first is the chinny freeze again brought up that she has inside information that I assume must have come from. Carly that she thinks the president is going to talk about today. I've decided I'm no longer going to ask Jenny what Carly said because the whole thing pisses me off. Jenny should not have more information than our cabinet. Weather true or not.

He keeps saying he wants to talk but then he never calls. I'm going to send you one paragraph from that email.

Confidentially and not part of the letter, I have been watching this College struggle financially since I got here and the lack of clarity regarding our financial position. I appreciate your focus on rightsizing our budget, but I no longer believe that can be accomplished without rightsizing our staff. I have shared with my Team that I no longer believe we can achieve solid footing without looking directly at full-time positions. I have thoughts they I'd like to share in person Monday.

11/3/2025 12:11:34 PM (Delivered 11/3/2025 12:11:36 PM)

Hey Lisa, it's Anna. How's that furlough day going?

I'm hoping you can fill me in about the AD candidate. I got a text from Dr. Garza about me providing admin support for Athletics, but I haven't received any official communication or details. Since that's not part of my current JD, would this be considered a special assignment or stipend? Is the plan for this to be permanent or temporary?

Faimous and Maria both have their doors closed, but I know this is time sensitive. Let me know if there's someone else I should direct my questions to.

It's feels a lot like a work day 😊. I'm glad you reached out, I'm driving so I have limited access. I'll be at a computer in a couple hours.

Anyway I'm understanding that admin support for Athletics was originally part of your position. Specifically the 2 prior employees had that responsibility as part of the position.

All of this to say that Dr Garza has said yes you will be able to provide support. I believe is would be part of your regular assignment.

I would like to respond to Greg as soon as possible and let him know you will be available to provide admin support. We can discuss the job description adjustment if needed.

If you want to discuss further, I can take a call in 2 hours. I'm currently in the passenger seat with 2 friends. I will be at my hotel and alone in a couple hours

Hi Lisa!
Just checking in, I saw your email. Is everything ok? Are you ok?

12/22/2025 10:01:12 AM (Delivered 12/22/2025 10:01:13 AM)

Yes, thank you. I'm over my horrible sickness, wouldn't wish that on an enemy. That was coincidental to my need for leave. I have been having significant sleep issues for a while. My doc wants me to make some major adjustments that make it difficult to come to work in person. I'll just be working remotely for a few weeks. It should all work out fine. I'm on vacation/furlough the rest of the week and back to remote on Monday. Thanks for checking.
Are you still back on Monday?

Angie Russell came in and asked Hadley for the turnover data that I shared with cabinet. I think it's OK to share but I guess I don't really know-once I have shared it with cabinet can I share it with her? We are working to disaggregate that data further and will bring that back to cabinet next week. I feel like it's better to respond sooner to her than later. Otherwise it makes it seem like there's some sort of secret that there is not.

So I think the report text can wait until you get back but FYI Dominic Barry put out another sub stack and has a shocking quote in there that Wvc has lost 50% of employees since Famous started. Apparently there is an online roster where people can sign up to out the president. I had Hadley run the numbers two different ways and her calcs are we've lost 30% of employees since he started in 2022. Don't know if we want to send any correction. I will send an email about it. Does Anna's JD reflect collaborative oversight and cabinet minutes?

I believe supporting athletics was in there when she was hired and don't recall that was changed.

Yes, the new stuff is there. I believe athletics still is. I'll have to look. I was just hoping there was a conversation with her prior to her reading it in an email

Hi. I'd like to touch base tomorrow if you can make time. Levi traveled with the women's basketball and heard more - another victim and who the perpetrator is. We should move quickly. Parents are concerned with lack of response.

Dayla is turning down the interim role. Lower salary and doesn't like that we are using S & A fees.
