Do you want me at all the accreditation meetings, or would I best be helpful representing the union?

Definitely need you in the union leadership mtg, next most important shared governance, then accreditation committee, and faculty forum. So that is prioritized order but would be great if you made them all-I can buy you beer

During these meetings, am I supposed to be 100% honest, 90% honest 10% optimistic, or 50% honest 50% say what needs to be said to save our jobs...?

Good question-yes honest. As you discuss strengths and weaknesses, plz also comment on whether or not you have seen any improvement work.

Remember when we were assessment coordinators and we spoke about continuous improvement??? Good stuff

There are two meetings with NWCCU on my calendar this morning at the same time. Which one would you like me at.

Budget or self evaluation?

Im wondering if you guys have a way to:

- 1) compile a list of high schools and colleges in Washington, Oregon, Idaho that have machining/ manufacturing programs.
- 2) gather instructor email addresses for those schools
- 3) gather dean, CTE director, principal email addresses for those instructors.

Is this something we can do in the 21st century?

Sorry 😞 21st century as, do we have that technology, not like, “can you get it done within the century?”. I reread that and it sounded a little pushy...

I have passed this along to Victor to see if there's any automated way to do this or if it's a manual data pull . I will get back to you. I could also meet at one on Friday if that is better for you, let me know.
